

Gauge and R&R Management Using

GAGEpack[®] **EZ**

Learn to properly manage your gauges

Receive hands-on software training

Learn stability, linearity, uncertainty, and bias

Comply with AIAG, ISO 9000, and other standards

Learn how to schedule calibrations

Conduct effective R&R studies

Learn software shortcuts

Discover powerful new features

Tailor the software to your needs

Seminar Overview

This two-day seminar will teach you how to set up a gauge management system using *GAGEpack[®] EZ*. You will learn how to set up schedules for calibration and gauge repeatability and reproducibility studies, how to generate reports, and how to customise *GAGEpack* to fit your organisation.

In this hands-on seminar, participants will learn how to use *GAGEpack* to manage inspection, measurement, and test equipment in order to comply with ISO 9000, QS-9000 and other quality standards.

Cost
£495

Includes all materials, refreshments, and lunch.

Seminar Date and Hours

April 16-17, 2008
Formby, Merseyside

Day 1: 9:00 AM to 4:30 PM
Day 2: 9:00 AM to 3:30 PM

Prices and dates are subject to change without notice.

Seminar Contents

GAGEpack Overview

- The user interface and menus
- Managing databases
- *GAGEpack* preferences
- Setting up gauge, choice, and vendor lists

GAGEpack Operations

- Adding, editing, and deleting a gauge and its history
- Entering calibration procedures
- Finding a gauge
- Gauge check-out and check-in
- Repair events

Calibration Management

- Reports and worksheets
- Entering calibration results
- Printing calibration results, certificates, and labels

GAGEpack Reports

R&R Management

- R&R AIAG study results
- R&R charts and graphs
- ANOVA analysis
- R&R reports
- Stability studies
- Linearity/Bias studies
- Uncertainty/Bias studies

Who Should Attend

Anyone who is developing a gauge management system using *GAGEpack* should attend. Anyone already using *GAGEpack* (or one of its predecessors) can learn how to take advantage of many powerful features. Also, anyone who needs to better understand how to interpret the R&R charts, graphs and tables will benefit from attending. Each participant will receive 1.4 C.E.U. credits.

In-house Seminars

PQ Systems can conduct this seminar at your place of business. Instructors tailor the training to your needs, devoting more time to the topics you want emphasised. We can use your data and examples, and because we train a group, substantial savings can be realised. You will also save on participants' transportation, lodging, and other expenses. Call for details.
